

Australian Smart All-in-One Power Supply Price Quote

Overview

Enter your address for an accurate quote based on your meter details. We may have other generally available offers that may be more suitable for you. Includes setup of solar, battery, blackout protection & VPP. Track savings, use smart charging, and get paid from VPP. Upfront or pay-as-you-go, including 5-year no-interest plans. Why choose Australian Power?

We focus on long-term value — offering genuine 10-year warranty batteries with no hidden. The Fox ESS EQ4800 battery is a modular lithium battery system designed for Australian homes. We'll even provide detailed reporting of costs and potential return on investment. You'll have peace of mind knowing how much you're able to save and when you. Last Updated: 29th Apr 2026 By Finn Peacock, Chartered Electrical Engineer, Fact Checked By Ronald Brakels For many Aussies, solar batteries have long been a smart idea in theory, but financially frustrating in practice. Package deals save \$1,500-\$3,000 compared to separate installations, with combined rebates cutting costs by up to \$6,000. Why Bundle Solar & Battery Together?

Installing solar panels and a battery at the same time is smarter and.
