

## Guyana Well Logging Optical Cable Manufacturer

### Overview

Infinera says Digicel has deployed Infinera's GX Series, featuring Infinera's ICE6 800G and FlexILS solutions, to light the Deep Blue One subsea cable connecting French Guiana, Suriname, Guyana, and Trinidad and Tobago. Suitable for oil wells, gas wells, coal mines or under high temperature conditions. Cables marked with Dry; Are a series of cables in which the typical water that blocks the intermediate tubes (gelatin or swelling tape of water or powder) is replaced with a solid foamed thermoplastic elastomer. The Prime Minister Bridgadier (Ret'd) Mark Phillips commissioned a new multi-billion-dollar direct submarine fibre-optic cable, marking a historic moment for the region and closing the long-standing digital gap between the coastland and the hinterland. Speaking at the commissioning ceremony hosted by. The future is here with best-in-class connectivity to French Guiana, Suriname, Guyana and Trinidad & Tobago Kingston, Jamaica - Tuesday, June 4, 2024 - Digicel Group on Tuesday announced the activation of its subsea fibre cable, Deep Blue One. According to a press release from the Office of the Prime Minister. With Guyana emerging as a key player in the global energy sector, particularly in oil and gas exploration, Quality Companies expanded its reach in 2019 by establishing Qualco Inc Guyana. The deployment offers service providers new, best-in-class connectivity to the.
