

Huawei Core Layer Switch Enterprise Grade

Overview

The Huawei CloudEngine CE6870-48S6CQ-EI-A-B is a high-performance enterprise and data center switch designed for core and aggregation layers. It features 48 × 25 GE SFP28 ports with multiple 100 GE QSFP28 uplinks, delivering ultra-low latency, high throughput, and scalable Layer. CloudEngine S6780-H series switches are Huawei's next-generation enterprise-class core and aggregation switches that provide 64 x 100GE/32 x 25GE ports and 16 x 400GE optical ports. Why Enterprise Switch?

On-premises workloads can be migrated to the cloud. Hello, my name is Bob, and I am a Senior Engineer with the Technical Services team at network-switch. I am also a certified Cisco CCIE professional and HCIE certified engineer, which reflects my expertise in networking and my dedication to delivering high-quality technical solutions. Offers 24 full-rate 10 GE access ports plus.
