

## Jordan Fiber Optic Interconnection

### Overview

As fiber-optic connections reach 652,200 households and 5G infrastructure continues to scale, Jordan's telecommunications infrastructure is increasingly characterized by high-speed data capabilities rather than legacy voice services. Fibertech was established as a wholesale company to build and operate the first fiber optic network in Jordan aiming to provide an open access infrastructure for the internet service providers in Jordan. This enabled Fibertech to offer a variety of high-speed, secure, and reliable services. Based on His Majesty King Abdullah II's vision, "Jordan 2025," which aims to make Jordan a regional gateway in the fields of information and communication technology and e-commerce, and to transform Jordan into an information society equipped with all the capabilities and competencies required to. Market Forecast By Product (SC Connector, LC Connector, FC Connector, ST Connector, MTP/ MPO Connector, Others), By Application (Telecom, Oil & Gas, Military & Aerospace, BFSI, Medical, Railway, Others) And Competitive Landscape How does 6Wresearch market report help businesses in making strategic. Jordan's telecommunications landscape is experiencing a remarkable transformation, with fiber optic subscriptions reaching 556,350 in the second quarter of 2024, according to the Telecommunications Regulatory Commission (TRC). This impressive increase marks a rise from approximately 490,000 fiber. A type of cable that comprises one or more optical fibers, which are tiny strands of glass or plastic that transport data in the form of light pulses, is known as fiber optic cable, optical fiber cable, or simply fiber cable. While traditional fixed voice services experienced a slight decline of 1.
