

New Zealand Smart Building Fiber Optic System Manufacturer

Overview

Headquartered in Wellington, Chorus designs, builds, and manages one of the most extensive fiber and copper networks across New Zealand — connecting homes, enterprises, and data centers to reliable, high-speed broadband. Fiber technology is the foundation of our three segments for harsh environments: dynamic cables, connectivity, and sensing. Our business is comprised of 4 key service streams. Identify and compare relevant B2B manufacturers, suppliers and retailers Max. We design, install, and optimize high-performance Wi-Fi networks built to top industrial standards. We can also troubleshoot any existing cabling systems and resolve any issues that may be holding your system. MultiMedia Communications is a New Zealand leader in the delivery of Fibre Optic installation and Data C abling Networks projects to Telco standards.

Article Content
