

Papua New Guinea Telecom Fiber Optic Cable

Overview

The 4700 km Coral Sea Cable System is a 40Tbps submarine fibre optic cable that brings next-generation connectivity to the people of Papua New Guinea and Solomon Islands. It directly connects Port Moresby in PNG and Honiara in the Solomon Islands to the global internet hub of Sydney. Cetelnet is proud to be a trusted fiber optic supplier Papua New Guinea, offering high-quality materials, expert consultation, and end-to-end infrastructure support to telecom operators, government agencies, and private enterprises. In addition, DataCo manages three tied data centers and 51 satellite infrastructures throughout Papua New Guinea (PNG). The company's presence spans 67 out of the 96 districts. PNG DataCo, a subsidiary of Kumul Consolidated Holdings, operates the NTN, which spans over 12,000 km of fibre cable. PNG DataCo is a telecommunications company.
