

Tanzania s telecommunications industry fiber optic cables

Overview

The backbone consists of approximately 7,910 km of fiber optic cable that connects all regions within Tanzania and provides cross-border connectivity to neighboring countries including Zambia, Malawi, Kenya, Uganda, Rwanda, and Burundi. The Tanzania Telecommunications Corporation (TTCL) plans to connect the last 33 districts to the National ICT Broadband Backbone (NICTBB) cable in 2024. This announcement was made on 18 th September 2024 by TTCL's Director of Engineering, Engineer Cecil Francis at the Connect 2 Connect Conference. In the Africa region, the Fiber Optic Cable market in Tanzania is projected to expand at a stable growth rate of 1. The largest economy is Egypt, followed by South Africa, Ethiopia, Algeria and Nigeria. The Tanzania Fiber Optic Cable Market has been experiencing significant growth. Raddy Fiber Manufacturing (T) Limited, a subsidiary of our parent company, is strategically located in Mwanambaya, a part of the Mkuranga district within the Coast Region, conveniently situated just 25 kilometers from Dar-es-Salaam. We specialize in the design, installation, and maintenance of telecom infrastructures, with a focus on fiber optics, power systems, and future communication technologies. Our products are used for indoor and outdoor applications.

Article Content

RaddyFiber Manufacturing Tanzania LTD
