

Warranty warranty for 800G aggregation switch

Overview

SSE-T8164 comes with a standard (3-1-1) warranty which covers 3 years of labor, 1 year of parts and 1 year of cross-shipment warranty. The warranty can be extended up to total 5 years. For more information, please visit the warranty page. The Cisco N9164E-NS4-O switch, a 64-port OSFP 800G fixed switch, is a new addition to the Cisco N9000 Series high-density 800G aggregation switches for the data center fabric. It also offers various lower port speeds and densities, including 400, 200, and 100 Gbps. The product has completed the End of Life (EOL) process effective on November 30, 2025. For more details, please refer to the EOL Notice. With 64 ports, it is ideal for spine, aggregation, and high-capacity interconnect. It provides up to 64*800G ports or 128*400G and 1 out-of-band management ports. With the rapid development of data center technology, the scale of data centers grows rapidly.
